HoLa Halloween Fun

Happy Halloween! This week, we integrated Halloween fun into our classrooms with games, themed projects and activities, and a book reading. Even our Middle School bells were programmed with creepy Halloween sounds today, thanks to Sr. Romero!

Día De Los Muertos

A huge thank you to the volunteers who helped plan, donated items, and volunteered at the Día de Los Muertos celebration this past Saturday! Your support was absolutely vital to the event's success.

CyberPatriot Security Competition

This year, HoLa students are participating in the CyberPatriot Security Competition, a National Youth Cyber Education Program. Led by Sr. Romero, this Middle School Club has three teams: a 5th grade team (5 members), a 6th grade team (5 members), and a 7th grade team (4 members). Using virtual machines, students learn how to prevent hack by hardening computer systems, detecting vulnerabilities, and correcting them. Northrop Grumman mentors come in on Mondays and Tuesdays from 3-5 pm to assist with preparing students for the upcoming competitions! Our competition dates are on Nov 14th and Dec 5th. If we qualify, semifinals are in February and the national competition is in March! We'd like to especially thank 5th grade parent Janice Madrid for facilitating this process!

To find out more about the competition, check out their website:
